

Growing Forward 2

A federal-provincial-territorial initiative

Programs for Alberta Farm Service Providers

Growing Markets. Strengthening Competitiveness.

Animal Health Biosecurity Delivery Agent

The purpose of the program is to create awareness, educate and train individuals, determine risks and implement mitigations on biosecurity and disease risk management through Delivery Agents (i.e. Industry Organizations, Farm Service Providers, Rural Municipalities, etc.) located in Alberta.

Food Safety Systems Delivery Agent

The purpose of the program is to help provincial delivery agents to implement recognized On-Farm Food Safety Programs and trainers to develop and implement food safety related training programs.

Livestock Welfare Delivery Agent

This program enables the adoption of nationally applicable livestock welfare best practices and technologies to enhance productive capacity and maintain social license for agri-food industries in Alberta.

Plant Health and Biosecurity

The purpose of the program is to help producers develop their own risk assessments and adopt improved biosecurity practices to reduce the potential for the introduction and spread of pests, allowing the industry to increase its capacity, competitiveness and sustainability.
